

Warrenville Historical Society

Become a Member of the Historical Society Today

The Warrenville Historical Society is a self-supporting not-for-profit organization. The Warrenville Historical Society was organized in 1980 and the Society opened the Warrenville Historical Museum & Art Gallery in 1984. Space was provided for the Museum in one room of the Greek Revival Style Albright Building through the generosity of the City of Warrenville, interest groups, businesses and individuals. The Museum now encompasses the entire building. The Museum is supported by the Warrenville Historical Society Memberships, donations, fund raisers, and the Warrenville Museum Guild, as well as a grant from the City of Warrenville.

As a Historical Society Member, your contributions will help support this important community museum.

Benefits of Membership

- Quarterly newsletter
- Invitations to Member-only preview days, exhibition openings, and special programs
- Discounts on Museum programs

Each year, second grade classes tour the museum as part of their local history curriculum. They get to hear, see and touch Warrenville's story. As a result, they are some of our best ambassadors of the Society's mission.

Dead Men Talking, and Some Women Too, our annual tour at the Warrenville Cemetery, allows us to reach many people and familiarize them with the importance of Warrenville's story.

As a Historical Society member, you will enjoy exclusive member nights and exhibit previews. You will also receive our quarterly newsletter to keep you informed of all the events and activities coming up.

The purpose of the Warrenville Historical Society is to bring together those interested in Warrenville's history, and to collect, preserve and display objects and documents that illustrate that history.
